### WIFE SAVERS

By Mrs. Mary Morton

For those of my readers who do their own house decorating I pass on the words of one who claims to have had a good deal of experience in such matters. First, he says, never try to tint a room till all cracks are filled with plaster of Paris paste, which is best to color with some of the wall tint. Otherwise the newly tinted wall will show the former cracks, probably emphasized, if the new tint is darker than the old. Second, all water stains on plaster should be painted or enameled at least one coat, better two, and allowed to dry thoroughly before beginning to tint. It is impossible to cover a water stain with cold water tint, no matter how many coats are applied. Third, a small quantity of glue, melted and thoroughly mixed with the tint, acts as a size and prevents the walls from appearing streaked when dry. But with this glue size added, one coat is usually sufficient and it will be smooth, without clouds or streaks.

**Jellied Prunes.**—Take one-third cup prunes, two cups cold water, boiling water, one-half cup cold water, one-half box gelatin or two and one-half tablespoons granulated gelatin, one cup sugar, one-quarter cup lemon juice. Pick over, wash and soak prunes for several hours in two cups of cold water, and cook in same water until soft; remove prunes, stone and cut in quarters. To prune water add enough boiling water to make two cups. Cook gelatin in one-half cup cold water, dissolve in hot liquid, add sugar, lemon juice, then strain, add prunes, mold and chill. Stir twice while cooling to prevent prunes from setting. Serve with sugar and cream.

The dust bag of an electric cleaner should be emptied each time the cleaner is used. These bags are purposely made large to provide a large air filtering capacity instead of to provide a place for storing dirt. If the bag is full the machine cannot function as it should. The bag should not be turned inside out to brush it or to wash it, because some bags are chemically treated to make them dustproof.

To freshen stale vegetables, soak for an hour in cold water, to which the juice of a lemon has been added.

The next time you have to keep a meal warm after serving-time for one of the family, put it in the double boiler or any convenient dish that can be covered and set in hot water instead of putting in the oven. Put the bowl of gravy over the teakettle and cover with a saucer.

The easiest plan for mending socks and stockings is to mark each pair correspondingly. Use contrasting colored thread and make a cross-stitch mark on one pair of stockings, two cross-stitches for another, three and four for others. Straight stitches are also quickly done. These stitches in time save much trouble later.

When blankets, either cotton or woolen, become thin and threadbare they make a fine interlining for comforters. When pieces are used, lap the edges and baste together so that the edges will not curl up inside. Cover, line and knot the same as any other comforter. Old, worsted skirts can be used in the same way. Rip the skirt, reverse every other gore, lap the edges and baste together. Silkatene is very good for tying off with, as it passes through the material more easily than yarn.

**A GOOD SALAD DRESSING**

Place two egg yolks, two-thirds cup of oil, one-third cup of lemon juice or vinegar, and salt, sugar and prepared mustard in a bowl. Cook one-third cup of flour, which has been mixed smooth with one cup water, until it is thick and transparent. Pour this while it is hot into a bowl with other ingredients, beat with a Dover egg beater. In two minutes there should be a thick, creamy salad dressing.

You can use water in mixing a cake when there is no milk available, and you will find the cake lighter and less likely to scorch.

Moisten a blotter with perfume and then allow to dry. Place blotter in handkerchief box. This will give handkerchief a delicate scent, just enough to be pleasing.

A container filled with salt and pepper well mixed is convenient for the invalid's tray. It eliminates an extra shaker and is easier for the sick person to handle.

**FOR LINGERIE**

Crochet a strip of plain filet half an inch wide and of the desired length to go over the shoulders. Sew it to the vest in place of ribbon or tape, and you will have a most satisfactory shoulder tape. It will outwear the garment, stand any number of washings, yet always remain pure white. It also makes an excellent camisole strap in pink or white.

**Hot Salmon Sandwiches.**—Flake canned salmon and steam until hot. Season with a little lemon juice and pimento if liked, and serve between slices of buttered bread.

**Cream Tapioca.**—Cook two tablespoons of tapioca in one pint of water until soft—about fifteen minutes. Add yolks of two eggs and a third cup of sugar. Take from fire, fold in the whites of the eggs beaten stiff, and half a cup of canned pineapple cut into small pieces. Serve cold with cream.

**Corn Beef with Vegetables.**—Put the corn beef into cold water in which a teaspoon of baking soda has been dissolved. Let it reach the boiling point and then take it out and put it into fresh cold water. When it comes to a boil skim and let boil gently until tender. During the last hour of cooking, all the vegetables you wish to use may be added—carrots, turnips, onions, beets and potatoes and cabbage; or cabbage alone may be cooked with it. This meat, sliced, makes a very nice cold meat dish served with scalloped or creamed potatoes, and everyone knows what an excellent hash is made with corn beef.

**PREPAREDNESS**

Willie was under orders never to go in swimming. And mother meant to see that he obeyed. So one day she became suspicious.

"Willie, your clothes are wet," she said. "You have been in the water again."

"Yes, mother, I went in to save Charlie Jones."

"My noble darling! Did you jump in after him?"

"No, mother. I jumped in first so as to be there when he fell in."

#### CERTIFICATE OF DOING BUSINESS UNDER A FICTITIOUS NAME

We, the undersigned, do hereby certify that we are transacting business in Torrance, County of Los Angeles, State of California, under the firm name and style of Torrance Realty Exchange; that the name in full of all members of such partnership are John Pederson and Mrs. M. A. May; and that the places of respective residences are set opposite our respective names subscribed hereto.

In Witness Whereof, we have hereunto set our hands and seals this seventh day of March, A. D. 1924.

**JOHN PEDERSON**,  
Torrance, Calif.  
**MRS. M. A. MAY**,  
Torrance, Calif.
